

Sussex Arms Junction Improvements

Improvement works to the Sussex Arms Junction will begin on 9th February 2009. The changes are being made in response to residents' requests for improved pedestrian crossing facilities.

Where is it?

The junction is where Priory Road, Old London Road, Frederick Road and Mount Road meet.

What is being done?

- Four arm junction controlled by traffic lights
- 4 new pedestrian crossings to replace 1 existing zebra crossing
- Extending existing yellow lines
- Changes to bus stop positions
- Adding anti-slip road surfacing

How long will work last?

The work is planned to be completed in 12 weeks. We apologise for the disruption that may be caused during this time.
